

List of Cardiac ProceduresGalway Clinic

This list is subject to change and some procedures may have clinical indications, conditions of payment and/or payment indicators attached to them. Please call us on 01 562 5100 to confirm if a procedure is covered or subject to an excess or a co-payment on your plan before going to hospital.

Code	Procedure
5101	Coronary angioplasty, single or multiple vessel(s) with or without angiography, with or without pacing
5103	Transcatheter placement of intracoronary stent(s) (other than drug eluting stents), percutaneous, with or without other therapeutic intervention, with or without angiography, any method, single vessel
5111	Transcatheter placement of intracoronary stents (other than drug eluting stents), percutaneous, with or without other therapeutic intervention, with or without angiography, any method, more than one vessel
5116	Transcatheter placement of drug eluting stent(s), percutaneous, with or without other therapeutic intervention, with or without angiography, any method, single vessel
5117	Transcatheter placement of drug eluting stents, percutaneous, with or without other therapeutic intervention, with or without angiography, any method, more than one vessel
5053	Subcutaneous implantation of a patient-activated cardiac event loop recorder with memory, activator and programmer, including electronic analysis of implantable loop recorder system (ILR), (includes retrieval of recorded and stored ECG data)
5055	Aortic endarterectomy
5063	Removal of single or dual chamber pacing cardioverter/ defibrillator electrode(s); by transvenous extraction
5071	Insertion or replacement of permanent pacemaker with transvenous electrode(s); single chamber
5072	Insertion or replacement of permanent pacemaker with transvenous electrode(s); dual chamber
5073	Insertion or replacement of pacemaker pulse generator only; single chamber atrial or ventricular
5074	Insertion or replacement of pacemaker pulse generator only (includes defibrillator pulse generator); dual chamber
5075	Blalock operation
5076	Insertion, replacement or repositioning of permanent transvenous electrode(s) only; single chamber
5077	Insertion, replacement or repositioning of permanent transvenous electrode(s) only; dual chamber
5079	Biventricular pacing - insertion of pacing electrode, cardiac venous system, for left ventricular pacing, at time of insertion of pacing cardioverter-defibrillator or pacemaker pulse generator (including upgrade to dual chamber system)
5115	Percutaneous transcatheter closure of congenital interatrial communication (i.e. Fontan fenestration, atrial septal defect) with implant, including right heart catheterisation
5125	Ascending aorta graft, with cardiopulmonary bypass, with aortic root replacement and coronary reconstruction
5126	Transverse arch graft, with cardiopulmonary bypass
5127	Descending thoracic aorta graft, open or endovascular, with or without bypass, with or without coverage of left subclavian artery origin, plus descending thoracic aortic origin extension(s), if required to level of coeliac origin
5128	Repair of thoracoabdominal aortic aneurysm with graft, with or without cardiopulmonary bypass
5134	Operative ablation/incision and/or reconstruction of atria for treatment of atrial fibrillation or flutter (e.g. maze procedure)
5133	Transcatheter Aortic Valve Implantation (TAVI) for aortic stenosis - Edwards Sapien approach (I.P.) Please note different reimbursement rates for Allegra TAVI - see Code 935133

19.13 Pepair of hypoplastic or interrupted aortic arch using autogenous or prosthetic material; without cardiopulmonary bypass 19.14 Repair of hypoplastic or interrupted aortic arch using autogenous or prosthetic material; with cardiopulmonary typass 19.14 Repair of hypoplastic or interrupted aortic arch using autogenous or prosthetic material; with cardiopulmonary typass 19.15 Acceeding aorta graft, with or without valve suspension, or construction, with cardiopulmonary typass 19.15 Acceeding aorta graft, with or without valve suspension, or construction, with cardiopulmonary typass 19.15 Coronary anery bypass grafts using venous graft(s) and/or arterial graft(s) 19.15 Revision occonary artery bypass grafts using venous graft(s) and/or arterial graft(s) 19.15 Revision occonary artery bypass grafts using venous graft(s) and/or arterial graft(s) 19.15 Revision occonary artery bypass grafts using venous graft(s) and/or arterial graft(s) 19.15 Revision occonary artery bypass grafts using venous graft(s) and/or arterial graft(s) 19.15 Revision occonary artery bypass grafts using venous graft(s) and/or arterial graft(s) 19.15 Revision occonary artery bypass grafts using venous graft(s) and/or arterial graft(s) 19.15 Revision occonary artery bypass grafts using venous graft(s) and/or arterial graft(s) 19.15 Revision occonary artery bypass grafts using venous graft(s) and/or arterial graft(s) 19.15 Revision occonary artery bypass grafts using venous graft(s) and/or arterial graft(s) 19.15 Revision of mediastinum 19.15 Revision of mediastinum 19.15 Revision of frata graft average graft venous graft(s) 19.15 Revision of Transposition of graft vessels 19.15 Correction of total anomalous pulmonary venous connection 19.15 Correction of total anomalous pulmonary venous connection 19.15 Correction of total anomalous pulmonary venous connection 19.15 Closure of defect of introventicular septum using duel prosthetic pulmonary 19.15 Closure of defect of introventicular septum using duel prosthetic pulmonary 19.15 Revision of po	Code	Procedure
Repair of hypoplastic or interrupted sortic arch using autogenous or prosthetic material, with cardiopulmonary typass. Ascending a ortal graft, with or without valve suspension, with cardiopulmonary typass. Ascending a ortal graft, with or without valve suspension, coronary seconstruction, with cardiopulmonary hypass. Coronary artery bypass grafts using venous graft(s) and/or arterial graft(s). Elevision coronary artery bypass grafts using venous graft(s) and/or arterial graft(s). Comprehensive electrophysiological evaluation with right arrial pasing and recording, right ventricular pacing and recording, initial using insertion and repositioning of multiple electrode catheters. Elevision coronary artery bypass grafts using venous graft(s) and/or arterial grafts. Elevision coronary artery bypass grafts using venous graft(s) and/or arterial grafts. Elevision coronary artery bypass grafts using venous graft(s) and/or arterial graft(s). Elevision coronary artery bypass grafts using venous graft(s) and/or arterial graft(s). Elevision coronary artery bypass grafts using venous graft(s) and/or arterial graft(s). Elevision coronary artery bypass grafts using venous graft(s) and/or arterial graft(s). Elevision or mediation and repositioning of multiple electrode catheters. Correction of first and are repositioning of multiple electrode catheters. Correction of first all anomalous pulmonary venous connection. Correction of tratal anomalous pulmonary venous connection. Elevision of tratal anomalous pulmonary venous connection. Elevision of tratal anomalous pulmonary venous connection. Correction of tratal anomalous pulmonary venous connection. Elevision of tratal anomalous pulmonary venous connection. Elevis	5208	Left atrial appendage occlusion (I.P.)
Ascending sorts graft, with or without valve suspension, with cardiopulmonary bypass 5147 Ascending sorts graft, with or without valve suspension, coronary reconstruction, with cardiopulmonary bypass 5158 Coronary artery bypass grafts using venous graft(s) and/or arterial graft(s) 5168 Revision coronary artery bypass grafts using venous graft(s) and/or arterial graft(s) 5169 Revision coronary artery bypass grafts using venous graft(s) and/or arterial graft(s) 5160 Revision coronary artery bypass grafts using venous graft(s) and/or arterial graft(s) 5160 Revision coronary artery bypass grafts using venous graft(s) and/or arterial graft(s) 5160 Revision coronary artery bypass grafts using venous graft(s) and/or arterial graft(s) 5160 Revision coronary artery bypass grafts using venous graft(s) and/or arterial graft(s) 5160 Revision coronary artery bypass grafts using venous graft(s) and/or arterial graft(s) 5160 Explanation of mediastinum 5160 Corocction of feetal graft venous graft wessels 5170 Corocction of tetralogy of Fallot 5181 Attral inversion for transposition of great vessels 5182 Corocction of total anomalous pulmonary venous connection 5183 Corocction of total anomalous pulmonary venous connection 5184 Closure of defect of interventicular septum using dual prosthetic patches 5185 Closure of defect of interventicular septum using dual prosthetic patches 5186 Planned repair of post infarction ventricular septal defect 5187 Linergency repair of post infarction ventricular septal defect 5188 Planned repair of post infarction ventricular septal defect 5189 Linergency repair of post infarction ventricular septal defect 5180 Operations on wall of attrium 5180 Operations on wall of attrium 5180 Operations on wall of attrium 5180 Operations on wall of attrium (Libstorials) 5180 Operations on wall of attrium (Libstorials) 5180 Operations on wall of attrium (Libstorials) 5180 Operations on period of patent ductus arteriosus 5181 Operation of patent ductus arteriosus	5143	Repair of hypoplastic or interrupted aortic arch using autogenous or prosthetic material; without cardiopulmonary bypass
Ascending soras graft, with or without valve suspension, coronary reconstruction, with cardiopulmonary bypass Coronary arrey bypass grafts using venous graft(s) and/or arterial graft(s) Revision coronary arrey bypass grafts using venous graft(s) and/or or arterial graft(s) Comprehensive electrophysiological evaluation with right atrial pacing and recording, right ventricular pacing and recording, right	5144	Repair of hypoplastic or interrupted aortic arch using autogenous or prosthetic material; with cardiopulmonary bypass
Coronary artery bypass grafts using venous graft(s) and/or arterial graft(s) Revision coronary artery bypass grafts using venous graft(s) and/or arterial graft(s) Comprehensive electrophysiological evaluation with right atrial pacing and recording, right ventricular pacing and recording, including insertion and repositioning of multiple electrode catheters. Exploration of mediastinum Exploration of mediastinum Correction of Tetrology of Fallot Correction of Tetrology of Fallot Atrial inversion for transposition of great vessels Correction of total anomalous pulmonary venous connection Stati Closure of defect of articoventricular septam using dual prosthetic patches Stati Closure of defect of intratarial septum Stati Planned repair of post infarction ventricular septal defect Stati Emergency repair of post infarction ventricular septal defect Other open operations on the septum of the heart Refashioning of atrium (Listain's) Replacement of mitral valve, includes valvuloplasty Replacement of mitral valve, includes valvuloplasty Triple valves Anouloplasty Myocardial aneurysmectomy Myocardial aneurysmectomy Den correction of patent ductus arteriosus Stati Closed correction of patent ductus arteriosus	5146	Ascending aorta graft, with or without valve suspension, with cardiopulmonary bypass
Revision coronany artery bypass grafts using venous graft(s) and/ or arterial grafts Comprehensive electrophysiological evaluation with right atrial pacing and recording, right ventricular pacing and recording, HIS bundle recording, including insertion and repositioning of multiple electrode catheters. Exploration of mediastinum	5147	Ascending aorta graft, with or without valve suspension, coronary reconstruction, with cardiopulmonary bypass
Comprehensive electrophysiological evaluation with right atrial pacing and recording, right ventricular pacing and recording. HIS bundle recording, including insertion and repositioning of multiple electrode catheters. Exploration of mediastinum Endoscopic extripation of lesion of mediastinum Correction of tertalogy of Fallot Atrial inversion for transposition of great vessels Other correction of transposition of great vessels Correction of total anomalous pulmonary venous connection Closure of defect of atrioventricular septum using dual prosthetic patches Closure of defect of interventicular septum Closure of defect of interventricular septum Planned repair of post infarction ventricular septal defect Emergency repair of post infarction ventricular septal defect Other open operations on the septum of the heart Redshioning of atrium (Ebstein's) Replacement of midral valve, includes valvuloplasty Replacement of midral valve, includes valvuloplasty Replacement of indicuspid valve, includes valvuloplasty Planned repair of post infarction ventricular septal defect Triple valves Anouloplasty Myocardial anounysmectomy Myocardial anounysmectomy Myocardial anounysmectomy Den correction of patent ductus arteriosus Excision of pencardium (LP.)	5158	Coronary artery bypass grafts using venous graft(s) and/or arterial graft(s)
including insertion and repositioning of multiple electrode catheters. Exploration of mediastinum findoscopic extirpation of lesion of mediastinum correction of Tetralogy of Fallot Strial inversion for transposition of great vessels Other correction of transposition of great vessels Correction of total anomalous pulmonary venous connection Closure of defect of atrioventricular septum using dual prosthetic patches Closure of defect of interatrial septum Closure of defect of interatrial septum Strial Planned repair of post infarction ventricular septal defect Strial Planned repair of post infarction ventricular septal defect Strial Cher open operations on the septum of the heart Relashioning of atrium (Ebstein's) Replacement of mitral valve, includes valvuloplasty Replacement of artic valve, includes valvuloplasty Replacement of artic valve, includes valvuloplasty Triple valves Annuloplasty Myocardial aneurysmectomy Myocardial aneurysmectomy Den correction of patent ductus arteriosus Excision of pericardium (I.P.) Excision of pericardium (I.P.)	5168	Revision coronary artery bypass grafts using venous graft(s) and/ or arterial grafts
Endoscopic extirpation of lesion of mediastinum Correction of Tetralogy of Fallot Statial inversion for transposition of great vessels Correction of transposition of great vessels Correction of transposition of great vessels Correction of tetral anomalious pulmonary venous connection Closure of defect of atrioventricular septum using dual prosthetic patches Closure of defect of interatrial septum Closure of defect of interventricular septum using dual prosthetic patches Refashioning of post infarction ventricular septal defect Closure of defect of interventricular septal defect Cother open operations on the septum of the heart Refashioning of atrium (Ebstein's) Coperations on wall of atrium Replacement of mitral valve, includes valvuloplasty Replacement of mitral valve, includes valvuloplasty Replacement of tricuspid valve, includes valvuloplasty Triple valves Annuloplasty Mycoardial aneurysmectomy Mycoardial aneurysmectomy Excision of pericardium (I.P.) Excision of pericardium (I.P.)	5502	
Service Correction of Tetralogy of Fallot Service Content of Tetralogy of Fallot Atrial inversion for transposition of great vessels Correction of total anomalous pulmonary venous connection Closure of defect of atrioventricular septum using dual prosthetic patches Closure of defect of interatrial septum Closure of defect of interatrial septum Elanned repair of post infarction ventricular septal defect Closure of defect of interventricular septal defect Emergency repair of post infarction ventricular septal defect Cher open operations on the septum of the heart Refashioning of atrium (Ebstein's) Operations on wall of atrium Replacement of mitral valve, includes valvuloplasty Replacement of mitral valve, includes valvuloplasty Double valves Annuloplasty Triple valves Myocardial aneurysmectomy Myocardial aneurysmectomy Excision of pericardium (I.P.) Excision of pericardium (I.P.)	5801	Exploration of mediastinum
Atrial inversion for transposition of great vessels Other correction of total anomalous pulmonary venous connection Closure of defect of atrioventricular septum using dual prosthetic patches Closure of defect of interarrial septum Closure of defect of interarrial septum Closure of defect of interventricular septum dual prosthetic patches Closure of defect of interventricular septum Closure of defect of interventricular septum Planned repair of post infarction ventricular septal defect Emergency repair of post infarction ventricular septal defect Cher open operations on the septum of the heart Refashioning of atrium (Ebstein's) Operations on wall of atrium Replacement of mitral valve, includes valvuloplasty Replacement of mitral valve, includes valvuloplasty Replacement of tricuspid valve, includes valvuloplasty Double valves Annuloplasty Myocardial aneurysmectomy Open correction of patent ductus arteriosus Excision of pericardium (I.P.) Excision of pericardium (I.P.)	5802	Endoscopic extirpation of lesion of mediastinum
Other correction of transposition of great vessels Correction of total anomalous pulmonary venous connection Closure of defect of atrioventricular septum using dual prosthetic patches Closure of defect of interatrial septum Closure of defect of interventricular septum Closure of defect of interventricular septum Planned repair of post infarction ventricular septal defect Emergency repair of post infarction ventricular septal defect Cher open operations on the septum of the heart Refashioning of atrium (Ebstein's) Operations on wall of atrium Replacement of mitral valve, includes valvuloplasty Replacement of arritc valve, includes valvuloplasty Replacement of tricuspid valve, includes valvuloplasty Triple valves Annuloplasty Myocardial aneurysmectomy Open correction of patent ductus arteriosus Excision of pericardium (I.P.)	5809	Correction of Tetralogy of Fallot
Correction of total anomalous pulmonary venous connection Closure of defect of atrioventricular septum using dual prosthetic patches Closure of defect of interatrial septum Closure of defect of interatrial septum Closure of defect of interventricular septum Planned repair of post infarction ventricular septal defect Emergency repair of post infarction ventricular septal defect Other open operations on the septum of the heart Refashioning of atrium (Ebstein's) Operations on wall of atrium Replacement of mitral valve, includes valvuloplasty Replacement of ricuspid valve, includes valvuloplasty Double valves Triple valves Annuloplasty Myocardial aneurysmectomy Serial Operacorrection of patent ductus arteriosus Excision of pericardium (I.P.) Closed correction of patent ductus arteriosus	5811	Atrial inversion for transposition of great vessels
Closure of defect of interatrial septum Closure of defect of interatrial septum Closure of defect of interventricular septum Closure of defect of interventricular septum Planned repair of post infarction ventricular septal defect Emergency repair of post infarction ventricular septal defect Other open operations on the septum of the heart Refashioning of atrium (Ebstein's) Operations on wall of atrium Replacement of mitral valve, includes valvuloplasty Replacement of acritic valve, includes valvuloplasty Replacement of tricuspid valve, includes valvuloplasty Double valves Triple valves Annuloplasty Myocardial aneurysmectomy Open correction of patent ductus arteriosus Excision of pericardium (I.P.) Closed correction of patent ductus arteriosus	5812	Other correction of transposition of great vessels
Closure of defect of interatrial septum Closure of defect of interventricular septum Planned repair of post infarction ventricular septal defect Emergency repair of post infarction ventricular septal defect Other open operations on the septum of the heart Relashioning of atrium (Ebstein's) Replacement of mitral valve, includes valvuloplasty Replacement of aortic valve, includes valvuloplasty Replacement of tricuspid valve, includes valvuloplasty Triple valves Annuloplasty Myocardial aneurysmectomy Doen correction of patent ductus arteriosus Excision of pericardium (I.P.) Excision of patent ductus arteriosus Closed correction of patent ductus arteriosus	5813	Correction of total anomalous pulmonary venous connection
Closure of defect of interventricular septum Planned repair of post infarction ventricular septal defect Emergency repair of post infarction ventricular septal defect Other open operations on the septum of the heart Refashioning of atrium (Ebstein's) Operations on wall of atrium Replacement of mitral valve, includes valvuloplasty Replacement of aortic valve, includes valvuloplasty Replacement of tricuspid valve, includes valvuloplasty Double valves Triple valves Annuloplasty Myocardial aneurysmectomy Open correction of patent ductus arteriosus Excision of pericardium (LP.) Excision of pericardium (LP.)	5814	Closure of defect of atrioventricular septum using dual prosthetic patches
Planned repair of post infarction ventricular septal defect Emergency repair of post infarction ventricular septal defect Other open operations on the septum of the heart Refashioning of atrium (Ebstein's) Operations on wall of atrium Replacement of mitral valve, includes valvuloplasty Replacement of aortic valve, includes valvuloplasty Replacement of tricuspid valve, includes valvuloplasty Double valves Triple valves Annuloplasty Myocardial aneurysmectomy Open correction of patent ductus arteriosus Excision of pericardium (I.P.) Closed correction of patent ductus arteriosus	5816	Closure of defect of interatrial septum
Emergency repair of post infarction ventricular septal defect Other open operations on the septum of the heart Refashioning of atrium (Ebstein's) Operations on wall of atrium Replacement of mitral valve, includes valvuloplasty Replacement of aortic valve, includes valvuloplasty Replacement of tricuspid valve, includes valvuloplasty Double valves Triple valves Annuloplasty Myocardial aneurysmectomy Open correction of patent ductus arteriosus Excision of pericardium (I.P.) Closed correction of patent ductus arteriosus	5817	Closure of defect of interventricular septum
Other open operations on the septum of the heart Refashioning of atrium (Ebstein's) Operations on wall of atrium Replacement of mitral valve, includes valvuloplasty Replacement of aortic valve, includes valvuloplasty Replacement of tricuspid valve, includes valvuloplasty Double valves Triple valves Annuloplasty Myocardial aneurysmectomy Open correction of patent ductus arteriosus Excision of pericardium (I.P.) Closed correction of patent ductus arteriosus	5818	Planned repair of post infarction ventricular septal defect
Refashioning of atrium (Ebstein's) Operations on wall of atrium Replacement of mitral valve, includes valvuloplasty Replacement of aortic valve, includes valvuloplasty Replacement of tricuspid valve, includes valvuloplasty Double valves Triple valves Annuloplasty Myocardial aneurysmectomy Open correction of patent ductus arteriosus Excision of pericardium (I.P.) Closed correction of patent ductus arteriosus	5819	Emergency repair of post infarction ventricular septal defect
Operations on wall of atrium Replacement of mitral valve, includes valvuloplasty Replacement of aortic valve, includes valvuloplasty Replacement of tricuspid valve, includes valvuloplasty Double valves Triple valves Annuloplasty Myocardial aneurysmectomy Sero Operation of patent ductus arteriosus Excision of pericardium (I.P.) Closed correction of patent ductus arteriosus	5821	Other open operations on the septum of the heart
Replacement of mitral valve, includes valvuloplasty Replacement of aortic valve, includes valvuloplasty Replacement of tricuspid valve, includes valvuloplasty Double valves Triple valves Annuloplasty Myocardial aneurysmectomy Den correction of patent ductus arteriosus Excision of pericardium (I.P.) Closed correction of patent ductus arteriosus	5824	Refashioning of atrium (Ebstein's)
Replacement of aortic valve, includes valvuloplasty Replacement of tricuspid valve, includes valvuloplasty Double valves Triple valves Annuloplasty Myocardial aneurysmectomy Open correction of patent ductus arteriosus Excision of pericardium (I.P.) Closed correction of patent ductus arteriosus	5826	Operations on wall of atrium
Replacement of tricuspid valve, includes valvuloplasty Double valves Triple valves Annuloplasty Myocardial aneurysmectomy Open correction of patent ductus arteriosus Excision of pericardium (I.P.) Closed correction of patent ductus arteriosus	5829	Replacement of mitral valve, includes valvuloplasty
Double valves Triple valves Annuloplasty Myocardial aneurysmectomy Open correction of patent ductus arteriosus Excision of pericardium (I.P.) Closed correction of patent ductus arteriosus	5832	Replacement of aortic valve, includes valvuloplasty
Triple valves Annuloplasty Myocardial aneurysmectomy Open correction of patent ductus arteriosus Excision of pericardium (I.P.) Closed correction of patent ductus arteriosus	5833	Replacement of tricuspid valve, includes valvuloplasty
Annuloplasty Myocardial aneurysmectomy Open correction of patent ductus arteriosus Excision of pericardium (I.P.) Closed correction of patent ductus arteriosus	5839	Double valves
5870 Myocardial aneurysmectomy 5871 Open correction of patent ductus arteriosus 5872 Excision of pericardium (I.P.) 5882 Closed correction of patent ductus arteriosus	5842	Triple valves
5871 Open correction of patent ductus arteriosus 5872 Excision of pericardium (I.P.) 5882 Closed correction of patent ductus arteriosus	5855	Annuloplasty
5872 Excision of pericardium (I.P.) 5882 Closed correction of patent ductus arteriosus	5870	Myocardial aneurysmectomy
5882 Closed correction of patent ductus arteriosus	5871	Open correction of patent ductus arteriosus
	5872	Excision of pericardium (I.P.)
5893 Open operations on pulmonary artery	5882	Closed correction of patent ductus arteriosus
	5893	Open operations on pulmonary artery

Code	Procedure
5957	Revision repair of coarctation of aorta
5958	Revision closure of defect of intra ventricular septum
5959	Revision of valve surgery
5960	Intracardiac catheter ablation of atrioventricular node function, atrioventricular conduction for creation of complete heart block, with or without temporary pacemaker placement
5961	Intracardiac catheter ablation of arrhythmogenic focus for treatment of supraventricular or ventricular tachycardia by ablation of fast or slow atrioventricular pathways, accessory atrioventricular connections or other atrial foci, (including foci pulmonary vein) single or in combination
333424	Percutaneous transcatheter mitral valve repair (leaflet coaptation), including fluoroscopy, angiography, transseptal puncture and echocardiography (TOE)
938404	Insertion of automatic implantable cardioverter/ defibrillator, single chamber
938405	Insertion of automatic implantable cardioverter/ defibrillator, dual chamber
938406	Insertion of automatic implantable cardioverter/ defibrillator, biventricular
938407	Intracardiac electrophysiology studies with catheter ablation of arrhythmogenic left atrial focus/ foci for treatment of atrial fibrillation; linear or focal ablation, including pulmonary vein isolation (includes transseptal catheterisation) (I.P.)
938408	Elective coronary angioplasty, single or multiple vessel(s), with or without angiography with or without pacing
938409	Placement of drug eluting intracoronary stent(s), any method, single vessel - elective
938410	Placement of drug eluting intracoronary stents, any method, more than one vessel - elective
938411	Placement of non-drug eluting intracoronary stent(s), any method, more than one vessel - elective
6680	Angiogram (selective catheter, single or multiple vessel study, coeliac, mesenteric, renal etc.), includes introduction of needle or catheter injection of contrast media and necessary pre and post injection care related to the injection procedure

This list is subject to change and some procedures may have clinical indications, conditions of payment and/or payment indicators attached to them. Please call us on 01 562 5100 to confirm if a procedure is covered or subject to an excess or a co-payment on your plan before going to hospital.
